

Tier 2a: Developing Trauma Informed Practice

Building on the learning from
Tier 1, working towards
becoming trauma informed
and responsive practice

A free 5-hour webinar that
explores

- A range of theories that can assist being trauma responsive in our approach
- What trauma informed practice looks sounds and feels like, including shame sensitive practice and language
- How individuals and organisations can begin to build a trauma informed culture

To sign up to this free training please book through Eventbrite by following this link
